Sir,

PLANNING COMMISSION - Community Projects - South Kanara - Housing - Budget Estimate - Report - Submitted.

...

An allotment of Rs. 2,00,000/- has been ~~allotted~~ made under the Basic Estimate and the same amount is provided in the budget estimate. According to the Basic Estimate, the amount is to be spent in the construction of quarters for staff at the Mandi centres. But it is seen from pages 57 and 58 on "Housing" contained in the Hand Book, that there is provision for the supply building materials in the case of dilapidated structures in conjested areas proposed to be built up on new designs on the outskerts of the village. The Project Advisory Committee was also of the opinion that building materials could be granted to houseless poor persons under the scheme. A provision has therefore been made for an expenditure of Rs. 50,000/- for this purpose and the rest for the construction of residential quarters of the staff at the three Mandi centres and at the headquarters of the Project.

2. No construction of houses for staff is proposed to be undertaken this year. As regards supply of building materials to the poor there are a large number of conjested quarters on the sea side especially inhabited by the fishermen.

If the scheme is approved i.e. supply of materials to the poor to put up houses on improved designs, the place and the nature of houses at each place will be selected. The amount set apart for this purpose is Rs. 50,000/- out of the amount of Rs. 2 lakhs.

I request necessary orders approving the proposal so that I can go ahead to implement it. No provision has been made for 1952-53.
